

**Great Bridge Crew Club Rower  
Transportation Permission Slip  
September 2011 through June 2012**

In instances where rowers need to arrive to regattas/competitions, members of Great Bridge Crew will provide their own transportation as they have done in the past. Rowers may ride with their parent/guardian, another rower's parent, or with the coach. Rowers are never permitted to drive to any regattas/competitions, even with parent/guardian supervision.

We need to secure your permission for any of these methods of transportation. Please check the space(s) below to indicate the transportation that your rower has permission to use. We want all rowers to get to and from regattas/competitions safely. We know many parents will be coming to and may bring their rower (and other rowers) to the regattas/competitions and/or bring them home. As a reminder, rowers are not permitted to drive themselves or other rowers to regattas/competitions.

Thank you. We look forward to seeing you at the regattas/competitions.
